**RE: Modifications to Dufferin Wind Power project location – Addendum 2  
and 3**

Dear Jeff Hammond,

The Ministry of Natural Resources (MNR) has received the Addendum #2 document dated October 16, 2012 and supplementary information received on September 26, 2012, as well as the Addendum #3 document dated October 16, 2012 all of which describes modifications to the Dufferin Wind Power project location made subsequent to MNR's letter confirming the Natural Heritage Assessment in respect of the project.

Upon review of the modifications, MNR is satisfied that the Natural Heritage Assessment requirements of Ontario Regulation 359/09 have been met for the Southern Route as proposed in Addendum #2 and all of Addendum #3. MNR does not support nor confirm that any part of the Northern Route has satisfied the requirements of Ontario Regulation 359/09. Please add this letter as an addendum to the confirmation letter issued May 9, 2012 for the Dufferin Wind Power project.

If you wish to discuss, please contact me at [amy.cameron@ontario.ca](mailto:amy.cameron@ontario.ca) or 705-875-7481.

Sincerely,

Amy Cameron  
Coordinator  
Renewable Energy Operations Team  
Southern Region MNR
